

## POLYSHEETING DATA SHEETS

### CLEAR, WHITE & BLACK POLYETHYLENE PLASTIC CONSTRUCTION SHEETING FILM

#### CONSTRUCTION SHEETING

Norkan's construction sheeting is made from polyethylene which provides for optimum in economy and performance. Because of its good weatherability, chemical inertness and toughness, Norkan's polyethylene sheeting has successfully been used for over 20 years in a wide variety of applications. The thicknesses range from as little as .3 mil for paint drop cloths to 100 mil for use as landfill liners. Widths range up to 40 ft. If you have a special application or need more information on our products, contact our sales representatives.

Norkan's standard sheeting will meet or exceed the following standard technical specifications:

<b>ASTM D4397</b> (see Tables 1 for Impact Resistance and WVTR requirements)	
<b>ASTM C171</b> Standard Specification for Sheet Materials Used for Curing Concrete	
<b>ASTMD4635</b>	Type 1
	Class 2
	Surface 2
	Finish 1
